

Come and create your sculpture with your family!

Come and create your Totem terracotta sculpture with your family and use your joint work to decorate your garden or interior. During a half day in Poda, our workshop located in a mountain village of La Barguillère valley, this ludic and creative activity will appeal to all your collective imagination. Each of you will learn to model a piece in a pleasant atmosphere: figurative objects, animals, balls, abstract shapes, ... With Perrine the ceramist, everything is possible! Once baked and assembled, all your sculptures will form a nice trendy and artistic decorative work, a real symbolic memory of that great moment you have shared altogether. A Totem that will live on throughout the ages!
