

Create your own sculpture at Chez Milie

To create your own sculpture just the way Emilie does in her daily work, you will choose an old object that you particularly cherish or that you will have bought in a flea market. We can also provide you some at the workshop. This recovered object will be your support for creation. You will just have to transform it and let your imagination run free. No doubt the atmosphere at the workshop will inspire you!

SUMMARY OF THE EXPERIENCE

Price

150€ per person

Includes
