

Guided tour Céramiques Sant Vicens

Together with Claire Bauby Gasparian, great-niece of the founder of Céramiques Sant Vicens, you will discover the history of Bauby family and of this atypical place that used to be visited by the most famous figures of the 20th century (Maillol, Dufy, Picasso, Dali, Lurçat, Deneuve, ...). The historical visit goes on in the workshop, where Paul Bauby invites you to discover the company's savoir-faire and where Claire Bauby Gasparian will make a ceramic decoration.
